TARRAGANSETT PARK RACES—THE GREAT RACE FOR \$5,000—LADY THORN THE WINNER. IBY TELEGRAPH TO THE TRIBUNE.

PROVIDENCE, Oct. 8 .- The fourth and last day of the Horse Fair at Narragansett Park was a fitting tiose to one of the most successful race meetings ever neld in New-England. The weather was charming, and the attendance immense, there being probably upward of 15,000 people present. Fancy turn-outs of every description, numbering some 1,500 vehicles, were ranged along the carriage stand as far as the eye could reach. The trotting in the last race was intensely exciting, and the time made is the best ever made since the opening of Marragansett Park, at least, and it is claimed by many that the time of the first three heats is the fastest on

This race was for a purse of \$1,000, for horses that never beat 2:20. Out of the seventeen entries, only three horses came to the score: None Such, Dr. Ogle's horse, and \$1000 Hall. None Such was the favorite, and drew the

Show Hall. None Such was the favorite, and drew the pole.

First Heal.—They went off pretty evenly together, Ogle's horse leading a length at the turn. Snowball being second, and None Such third. They held their relative positions to the quarter, but on the back stretch None Such shot ahead of Snowball, who broke and fell far to the rear. None Such closed with Ogle's horse on the three-quarter-stretch, and passed him as they swung into the home-stretch. Here the race was close, but None Such won it by a length. Snowball was distanced. Time, 2:36.

Second Heat.—None Such took the lead at the start and kept it to the score, winning the heat by about four lengths. Time, 2:381.

Third Heat.—None Such had a length the best of the start, and Ogle's horse breaking before they passed the turn, a gap of a dezen lengths was opened before they reached the half. The remainder of the heat was uninteresting, None Such coming home winner of the heat and the race. Time, 2:38.

THE GREAT RACE. THE GREAT RACE.

Rhode Island did not appear, leaving the matter with
Laft Thorn, American Girl, Lucy, Goldsmith Maid, and
George Pelmer for settlement. They sold in the pools as
follows: Lady Thorn, \$250; Goldsmith Maid, \$75; Ameriican Girl, \$25; Palmer, \$16, and Lucy, \$15. Palmer drew
the pole. Thern had the second, Goldsmith Maid the
third, and Lucy the fourth position, with American Girl
outside.

third, and Lucy the fourth position, with American Girl ontside.

First Heat.—They went off, the third time down, amid the greatest excitement on the part of the spectators. American Girlied at the start, Palmer-second, Lady Thorn third, Goldsmith Maid fourth, and Lucy fifth. Thus they went to the turn, but on the pull to the quarter American Girl went of her feet, and was passed by both Falmer, and west to first front long before the half was made, a feat which the Lady accomplished in 1 minute 8; seconds. As they rounded the three-quarter pole Goldsmith Maid happed American Girl, and they went neck and neckelor nearly an eighth of a mile. On the home-stretch the Girl drew sway from the Maid, but the positions of the others remained unchanged to the score, Thorn winning the heat by two lengths—Palmer second, American Girl third, Goldsmith Maid fourth, and Lucy last. Time, 2:192.

the ethers remained unchanged to the score, Thorn winning the heat by two lengths—Palver second. American Girl thrie, Goldsmith Maid fourth, and Lucy last. Thee, 2:193.

Second Heet.—Lady Thorn, of course, was now everybody's favorite, and odds of all descriptions were offered on her, without takers. Palmer got a lead, which lasted but a moment. Lady Thorn got to the front before they reached the turn, and leading to the half, made in minute and 8 seconds, without the ghost of a skin. The next half she trotted quite as beautifully, coming to the score a winner by four or five lengths. At the quarter Palmer and Goldsmith Maid were neck and neck, but on the back-stretch the Maid took the second position by Palmer's going off his feet, and Lucy, who was third, and American Girl, passed him in succession before he could be got down sgain to his work. Another prolonged break directly afterward set him far behind, and, as he escaped being distanced, he must have made the last half in less time than Lady Thorn even had done it during the day. There was no further changes the horses coming in, Lady Thorn first, Goldsmith Maid second, Lucy third, American Girl fourth, and Palmer last. Time, 2:184.

Third Heat.—The fifth time down they received the word, Thorn three or four lengths behind. As they received the word "Go," McMann looked up to the Jadges' Stand and said. "My God," and exclamations of surprise that a "send" should be given were made on every hand. Palmer teck the lead, and kept it to the score without a break, winning the heat by a length. Goldsmith Maid was a close second all the way around, pressing Falmer hotly down the home-stretch. American Girl was third to the half, and Lucy fourth, where Thorn out-trotted them both, and took the third position. Coming into the heat-stretch Thorn went for the leaders at a tearing pace, and should so feethusiasm rent the air, and strong hopes of her winning the heat were entertained, but, as they meared the Judges' Stand, Thorn made one of her caw-like breaks, and Amer
